**TO WHOMSOEVER IT MAY CONCERN**

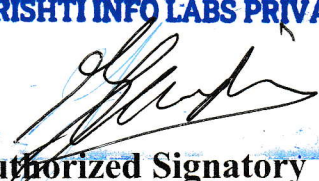

It is my pleasure to highly recommend **Om Kapadiya** for future technical or research roles. He worked directly under my supervision at **Arishti Info Labs Private Limited** as a Developer Intern from **May 2025 to December 2025**.

During this tenure, Om Kapadiya was an integral part of the engineering team, contributing significantly to the development of our Advanced Cyber Kiosk project. Demonstrating a strong technical aptitude and an excellent understanding of complex software architecture, Om successfully applied and gained professional proficiency in the following technologies:

Application Development: ASP.NET, Qt framework (QML / C++) System Integration: Real-time frontend-to-backend connectivity utilizing Web Sockets Version Control. Enterprise-level code management using Git and GitLab

Om Kapadiya demonstrated exceptional problem-solving skills, particularly in bridging robust C++ frontends with .NET backends. We highly commend their dedication and strong foundation in modern software engineering, and wish them the absolute best in completing their B.Tech in Computer Engineering and in their future career.

Sincerely,

**ARISHTI INFO LABS PRIVATE LIMITED**
